New survey launched - tell Healthwatch North Tyneside about your experiences as an unpaid carer in 2022.

If you are a carer in North Tyneside, they want to hear from you. Tell them about your experiences as a carer in 2022 to help improve carers support and local services; you could also win £100 of vouchers.

The Caring in North Tyneside in 2022 survey is for people who provide unpaid support for a family member, friend or neighbour who could not manage without that support. It is the opportunity for adult carers to say what is working well and what could be better.

This survey is run by Healthwatch and the Carers' Centre on behalf of North Tyneside's Carers Partnership Board – a partnership of NHS, local authority and voluntary sector organisations wanting to improve support for carers.

The survey is confidential and will be used to improve services and support for carers across North Tyneside.
