Living Well
North Tyneside
Supporting Health and Wellbeing

We want everyone to get the best health and social care, so we bring professionals together to drive improvements that enable people to live life to the full.

Ultimately we want to end Parkinson's. That's why we inspire and support the international research community to develop life changing treatments, faster.

We're the Parkinson's charity that drives better care, treatments and quality of life. Because we're here, no one has to face Parkinson's alone.
