My Care My Home - Information, Advice, and Later Life Services

My Care My Home has a team of Care Advisors who offer free information and advice over the telephone to people and/or their relatives who need advice on the type of care service they require, and how to find the right care provider for their needs. We also provide property related services such as overseeing the sale and clearance of your home, and financial guidance about the cost of care and funding options including introductions to specialist 'Later Life' financial advisors and the 'Care and Home Inheritance Plan' to fund your care home fees without having to sell your home.
