Longbenton, read their profiles and reviews from other families, message them and choose the carer you want.

Carers can help with:

- personal care such as washing, dressing and toileting
- companionship and getting out and about
- shopping, meals and light housework
- medication reminders
- dementia care
- respite for family carers
- overnight care and live-in care

Visits can be a regular routine or short term, for example after a hospital stay.

Before a carer can be booked we check their identity and right to work, interview them online and need an enhanced DBS issued in the last two years. Each carer sets their own rate: visits usually cost £18 to £25 an hour and live-in care £1,050 to £1,400 a week, including our booking fee.

More than 2,000 families have found care through PrimeCarers, and our carers have given more than 1.9 million hours of care.
