Walk like... a Roman!

What was life like for a child in Roman Britain?

What did they wear? What did they eat? What was school like? What games did they play?

Make history come alive for your pupils with our amazing immersive drama and storytelling experience!

If you are teaching about the Romans, this Roman Britain History project is a fantastic way to engage your pupils.

Covering important topics related to Roman Britain, such as the 'Romanisation' of Britain, key individuals, important events, and their way of life. Pupils experience, first-hand, how the Romans invaded and occupied Britain, and how rebellions like the one led by Queen Boudicca started; all seen through the eyes of a child in Roman Britain.

This comprehensive project comes with extension activities and lesson plans, and with key terms and themes explored in a practical and immersive way.

Created and delivered by qualified and experienced teachers, it will give your pupils a great overview, helping your teachers to teach this period of history and fulfill the history component of the National Curriculum at KS2.
