

Living Well North Tyneside

Supporting Health and Wellbeing

Key to the philosophy at Earsdon Grange is creating a home from home for residents, offering the highest quality care in a comfortable and friendly atmosphere. All bedrooms have en-suite facilities and a choice of bath and shower room amenities are available. Other features include coffee shops, spacious lounges and dining areas, extensive gardens and a conservatory. Free unlimited wi-fi is available throughout the home to residents and guests.

A full time Activities Coordinator works with residents to organise a full and varied programme of social events, day trips and one-to-one and group activities throughout the year.

Moving into a care home can be a daunting prospect for many people and a difficult decision for themselves and their loved ones. Our Care Team are committed to guaranteeing that residents are fully supported through their introduction and integration with the home so that they feel safe, comfortable and at ease during this transition. Prior to admission residents are assessed by a Senior member of the team to ensure that their care and personal needs can be met.

For help, advice or more information on life at Earsdon Grange please call us today or pay us a visit at any time where a member of staff will give you a tour of our facilities and the available rooms to choose from.
