

# Living Well North Tyneside

Supporting Health and Wellbeing

qualified team of staff who aim to provide the highest quality of care for your child. We offer fun, friendly, flexible and affordable childcare in a warm, homely environment.

We have a wonderful baby room for up to six babies which has been designed to create a comfortable, happy space for the babies to develop and thrive. We have a two year room with age appropriate resources and opportunities to provide exciting and challenging experiences. We also have an older children room where the older children can enjoy a variety of suitable age appropriate activities and experiences.

As a childcare provider, we understand that parents have various work commitments and finding the right quality childcare may be difficult which is why we will work hard to offer a flexible service aiming to meet the childcare needs of all our families. We believe working together as a team allows us to provide our children within a fun, safe, happy and homely environment. We have a fantastic well resourced setting that allows our children to explore activities which are fun, stimulating and challenging allowing them to develop as individuals across the seven areas of learning. Babies and children are encouraged to reach their full potential by their key-worker who will also work closely with the parents ensuring a high level of communication.

We also work in close partnership with the nursery at Redesdale Primary School offering up to 30 hours of funded childcare for eligible children aged three and four. We also offer up to 15 hours funded childcare for eligible children aged two, three and four.

Please come to visit us to see what we can offer and we are all looking forward to meeting you and your child.
